## THE OCCULT SECRET OF JACOB'S LADDER

Copyright©Starlight Books 2014

Basically the magic is created by a process similar to what I wrote in the *Angel of Death*. In the AOD I had the angel lifting the reader up by the hand. In working with Jacob's Ladder, you will be either reaching out with your hand to be helped up the Ladder by angelic beings to achieve your desires, or reaching down the ladder to rescue a Fallen Angel from hell and give it the chance to walk the earth again by helping you to achieve your desires.

On the next few pages you will find Petitions which you can make to the Angels of Jacob's Ladder. Upon receiving your petitions the Angels will lift you from poverty to prosperity, from uncertainty to optimistic happiness.

Each Petition is complete and self-contained. All information and special requirements are contained in each Petition. No need to go back and forth through the booklet to find what you need to do.

Speak only one Petition every day at the same time until a result is achieved. During this time, take

careful note of your dreams as the Angels of Jacob's Ladder may reveal the answer you seek in your dreams.

## **PETITION TO BRING MONEY**

Select a room where you will be undisturbed as you petition the Angels to bring you money. Position a cushion, or some other kneeling-pad, in the room where it feels right for you. You are now ready to start. Say:

*I call on thee, O Angels who stand atop Jacob's Ladder, to assist me.*

*I state my purpose thus: ANKAR YOD HAY VAW HAY.*

*I call upon you at my darkest hour to raise me up into the Light.*

It is at this moment that you must visualize Jacob's Ladder before you, the top of which disappears into fluffy white clouds. See it as clearly as you can. It glows with a beautiful golden light.

When you have the image of Jacob's Ladder clear in your mind, imagine you are climbing it until you have reached midway between the floor and the clouds. Say:

*In the Power of the Names YE HO VO EL OH HEEM and AH DOH NIGH, I ask Thee to bring me gold.*

*Let money come to me.*

*Rejoice in the Names EH HEH YEH and SHAH DYE ELL KIGH.*

*So mote it be.*

Now imagine you are reaching out with your hand to be helped up Jacobs Ladder by an angelic being helping you to achieve your desires. When you are standing on the next rung of the ladder, give thanks to the angelic beings for hearing your call and remove the image from your mind.

Due to certain esoteric concepts it is important the mind game of being helped up the ladder is played out.

You must "feel" yourself moving up the ladder as you imagine the Angel holding your hand in his.

Or, if you wish to rescue a Fallen Angel from hell and give him the chance to walk the earth by helping you to achieve your material desires, reach down the ladder until you feel something grab your hand and help the Fallen Angel climb up the ladder.

## **PETITION TO WIN CONTESTS**

Select a room where you will be undisturbed as you petition the Angels to help you win contests and games of chance. Position a cushion, or some other kneeling-pad, in the room where it feels right for you. You are now ready to start. Say:
